Whimsical Musings

College of Lake County ■ Robert T. Wright Gallery

May 23-July 3, 2008

Opening Reception: Friday, May 23, 7-9 pm

Music by Jazz Duo

This event is free and open to the public

Kathy Weaver presents fiberworks and egg tempera paintings that are at an intersection between technology and art. Weaver will display a series of colorful quilts that humorously depict robots engaged in human activities. There is a playful incongruity between the variety of soft materials that compose the quilts and their metallic, cyborg subjects. The robots operate as actors in a world where the boundary between automaton and humanity shifts. Weaver has exhibited her works both nationally and internationally.

Mary Seyfarth will display ceramic works as well as small sculptures that combine various metals with ceramic elements. Seyfarth's works also have humorous undercurrents. As a nationally exhibited potter and sculptor, Seyfarth is known for her use of a special purple clay found only in Yixing, China. Seyfarth is the chairperson of the Ceramics Department at Columbia College in Chicago.

Both Kathy Weaver and Mary Seyfarth reside in Lake County.

Gallery Summer Hours

May 23-June 6

Mon-Fri 8:00 am to 4:30 pm

June 9-July 3

Mon-Thu 8:00 am to 9:00 pm

Fri 8:00 am to 4:30 pm

College of Lake County/WrightGallery
